

OM SHREE SATNAM SAKHI

*Pray more, earn plenty of punya in
Adhik Purushottam month (15 April to 14 May, 2010)*

The Adhik month has been created as a time compensation month to adjust time movement according to Vedic astrology, something similar to the western Leap Year. But the month has also got its religious importance as well, according to the ancient Indian scriptures like Padma Purana and Skand Purana. A calendar was created along with the creation of the world. After the creation of 12 months, there was a group of some 30 odd dates which remained unattended by the gods, as these 30 dates could only be grouped after every three years. So they were not finding their place in the regular calendar. Finally the group of these 30 dates complained and surrendered to Lord Vishnu, who gave his name Purushottam to this group of 30 dates, which was known as 'Mal Mas' earlier. The god also said that it will be his dearest month and whoever will offer more pooja, jap and perform other religious activities, will get more punya in this month.

**SAMAY KA ADI KADAR KARNA KOHIYE NA KUSANG MEIN
JO BACHE VYAVHAAR SE SO SAFAL KAR SATSANG MEIN**

*Gurumaharaj advises to value time and how much ever possible devote time
in Satsang.*

*Think about it!!! So many opportunities come in our life...Melas, Auspicious
days (like the ones going on), Festivals...all bringing one message "the most
precious of all time is now...make the most of it..."*

*For us, Premprakashī's, all punya's lie in just chanting the sacred 'Naam'
given to us by our Acharya Satguru Swami Teonramji Maharaj. So let us
all, as much as possible do SATSANG, SIMRAN & SEVA not only in this
month but in every single breath of us...Satnam Sakhi...DHAN GURU
TEONRAM*
