

OM SHREE SATNAM SAKHI

40 Days for Satguru Swami Teonramji's Birthday!!!

17th July 2010 Satguru Swami Teonramji Maharaj's 124th Janam Mahotsav

Like every year all *premis*, around globe would have started preparation and must be looking forward for the grand celebrations of Gurumaharaj's Birthday...

By preparation we don't mean outward preparation only but... ARE we preparing ourselves from **within** for the auspicious occasion???

Mata Krishna devi fasted for 40 days and observed strict penance...she was thus blessed by the Lord with the incarnation of God himself in her womb!!! It is written in the Jeevni of Sai Teonram, that one can make God happy by observing penance in order to fulfill our desires.

Today onwards we can also take up 'one desire' we wish to fulfill and observe some sacrifice/penance for achieving the same...Satguru Maharaj in his discourse, last year, at the celebration of Satguru Swami Teonramji's Birthday in Surat, said something beautiful...read carefully...**the real incarnation of Sai will be when he will be born within you**☺ So may be this is the best wish for us to work towards, that Gurumaharaj gives us his darshan from within on his 124th Birthday. So some ideas for you to set your discipline....

For 40 days starting today...

1. **Read Swami Teonram Chalisa**
2. **Read Swami Teonramji's Jeevni**
3. **Wake up at 4 am**
4. **Give up Non Veg**
5. **Eat One Meal a day**
6. **Give up your favorite food**

All the above will only help if we add **devotion and love** to them....Even if we don't observe the above but just pray with a sincere heart to our Acharya Satguru Swami Teonram ji Maharaj for his holy darshan, nothing can stop us from experiencing his bountiful Love....**HE IS LOVE...**
